

Mansoor Ahmed

Program Manager | Digital Transformation | Cross-Functional Delivery

Darwin, NT, Australia | Mansoor.a@outlook.com | +61 450 509 138 | linkedin.com/in/1mansoorahmed | mansoor.page
Australian Subclass 491 Visa — Full Work Rights, Northern Territory. No sponsorship required.

PROFILE

Program Manager with over 20 years delivering large, cross-functional transformation programs across telecommunications and consumer devices, including Nokia, Sony Mobile, and Du Telecom. Has run programs spanning Engineering, Legal, Brand, Operations, and Sales inside regulated environments, translating strategy into structured delivery against defined milestones and KPIs. Led the consumer journey build on Du's new enterprise billing stack from requirements through to launch, working a hybrid Agile and Waterfall model to fit both feature delivery and regulatory change control. Genuine hands-on AI integration experience, not just familiarity with the tools. Darwin-based with full Australian work rights under a Subclass 491 visa. Available immediately for remote-first program and transformation roles across Australia.

CORE COMPETENCIES

- Program & Portfolio Delivery: multi-workstream planning, milestone tracking, dependency and risk management
- Digital Transformation: billing stack integration, consumer journey design, regulated-environment delivery
- Cross-Functional Leadership: coordinating Engineering, Legal, Brand, Operations, and Sales toward shared release goals
- Delivery Methodology: SAFe 6.0, hybrid Agile/Waterfall, Kanban, Scrum, applied by context rather than by default
- Stakeholder & Vendor Management: sponsor reporting, partner negotiation, channel and vendor coordination
- Change & Capability Building: growth mindset workshops, training design, team scaling and mentoring
- Data-Driven Governance: KPI definition, adoption and revenue tracking, CRM and analytics platforms

PROFESSIONAL EXPERIENCE

Product Manager (Digital Transformation Program) Oct 2023 – Jun 2026

Du Telecom | Dubai, UAE

- Ran the device digital transformation program across consumer and enterprise segments, managing a catalog spanning smartphones, tablets, wearables, routers, laptops, and smart home products.
- Owned delivery of Device Installment Plan flows on Du's new enterprise billing stack from requirements through go-live, coordinating engineering, eligibility logic, and offer presentation as a single workstream.
- Built the DIP expansion framework for Consumer Fixed segments (Fiber and Home Wireless), taken on as the internal delivery standard and extended to new device categories outside mobile.
- Coordinated release decisions and priorities across Engineering, Digital, Legal, Brand, Operations, and Sales in a regulated environment, using a hybrid Agile and Waterfall model: Agile for feature and digital work, Waterfall for billing and regulatory change.
- Reported program performance against defined KPIs: 22% YoY DIP revenue growth, 20% YoY handset sales volume growth, 20% YoY net sales value uplift, and a 47% iPhone sales uplift across the iPhone 16 to 17 launch cycle.
- Designed and ran growth mindset workshops and training materials as part of Du's broader cultural transformation program.

Product Marketing Manager Jun 2022 – Sep 2023

xNARA Biologics | Dubai, UAE

- First commercial hire, reporting to the CMO. Stood up the product marketing and customer support function from nothing, including process, tooling, and team structure.
- Led the Salesforce CRM implementation as a standalone delivery workstream: requirements, workflow design, rollout, training, and adoption tracking.
- Managed the app and website build as product owner, running requirements and user research alongside the engineering team through the full delivery cycle.
- Scaled the customer support team from 4 to 15 through a structured onboarding and mentoring program, with the active customer base reaching around 2,000 by departure.

Global Sourcing & Brand Relations Manager Feb 2021 – Jun 2022

Leverify (Zaman Technology) | Islamabad, Pakistan (Remote)

- Delivered a workflow automation program across sourcing and procurement, integrating AI and ML tools for a 65% productivity uplift.
- Coordinated global brand relationships and sourcing pipelines, improving margin by 35% through structured vendor negotiation.

Product Marketing Manager Dec 2018 – Mar 2020

Muller & Phipps MEA | Dubai, UAE

- Managed the Honor Mobile launch program across MEA: GTM strategy, channel activation, and sell-through execution across a wide retail and carrier network.
- Directed a retail promoter workforce of 100+ through three direct-report supervisors, owning scheduling, incentives, and bonus structure as a standing operating program.
- Delivered 85% channel coverage at launch and 20% retail sellout growth in the first three months.

Product Marketing Manager Oct 2011 – Nov 2018

Sony Mobile | Dubai, UAE

- Coordinated cross-functional launch programs across marketing, sales, supply chain, and after-sales for the full Sony Mobile portfolio across MEA over seven years.
- Regional product owner for Xperia Lounge, Sony Mobile's loyalty app with hundreds of thousands of active users, coordinating feature delivery with partner and carrier teams.
- Selected as part of Sony's elite international product team to represent Sony Mobile MEA at MWC Barcelona, presenting program and product direction to global partners, customers, and media.
- FY2016-17 program outcomes: 36% volume growth, 38% sales growth, and 13% margin improvement, all year on year.

Product Manager Jan 2007 – Oct 2011

Nokia | Dubai, UAE

- Managed the delivery program for Nokia's Entertainment product range across MEA, covering 40+ smartphone launches end to end.
- Regional product manager for Nokia Music Store, coordinating localisation, carrier API integration, and market activation as a cross-market delivery program.

Product Manager Aug 2001 – Nov 2006

Siemens Mobile | Dubai, UAE

- Managed product portfolio strategy, pricing, and GTM delivery across MEA, achieving 27% customer penetration growth through coordinated promotional programs.
